PETITION UNDER 37 CFR 1.182

PETITION TO THE DIRECTOR

Dear Sir:

Applicant received a Response to a Petition under 37 CFR 1.181 Petition to the Director filed by the Applicant via facsimile on August 13, 2007, to reinstate the above referenced patent application. A copy of the Response dated 28 September 2007 is attached. The Response requests that Applicant submit a Petition under 37 CFR 1.182 rather than 37 CFR 1.181 as originally filed. In particular, the Response states:

Petitioner requests withdrawal of the holding of abandonment because a suitable response allegedly was filed on 24 August 2006. Review of the electronic application file reveals that a declaration which complies with 37 CFR 1.497(a) and (b) and which was filed on 24 August 2006 is present in the file. Further review of Office records (including the copy of the response accompanying the petition) shows that the response in question was directed to application no. 10/552,545 instead of the instant application number. Consequently, counsel's check was applied to application no. 10/552,545 rather than the instant case. To correct this defect, a petition (and fee) under 37 CFR 1.182 is required.

Accordingly, Applicant submits herewith the present petition (and fee) under 37 CFR 1.182 and considers this response as timely filed. Applicant respectfully requests that the Notification of Abandonment be vacated.

DISCUSSION

Applicant received a Notification of Abandonment for the above reference patent application. The Notification states the application lapsed due to failure to respond to the notification of Missing Requirements.

Applicant timely filed a response to the Missing Requirements on August 22, 2006 as evidenced by the Certificate of Mailing as evidenced by the documentation previously submitted with the Petition under CFR 1.181. Such documentation is again submitted for convenience of the Office.

Applicant respectfully submits the instant Petition under CFR 1.182 and payment of fees due as requested in the Response dated 28 September 2007 to correct this defect. It is noted that the Declaration filed with the Missing Requirements has been correctly submitted in file wrapper USSN 10/552,546 and that all outstanding filing requirements have been met.

It is respectfully requested that the Notification of Abandonment be vacated.

The Director is hereby authorized to charge Deposit Account No. 50-3208 for \$400.00 for the fees due under 37 CFR 1.17(f) for submitting this petition and any other fees due.

Should there be any questions or outstanding matters, the Examiner is cordially invited and requested to contact Applicant's undersigned attorney at his number listed below.

Respectfully submitted,

DECISION

This is in response to the petition under 37 CFR 1.181 filed on 13 August 2007.

BACKGROUND

This international application was filed on 14 April 2004, claimed an earliest priority date of 17 April 2003, and designated the United States. The International Bureau transmitted a copy of the published international application to the USPTO on 04 November 2004. Consequently, the thirty month period for payment of the basic national fee in the United States expired as of midnight on 17 October 2005. On 12 October 2005, applicants filed *inter alia* the basic national fee.

On 11 August 2006, a Notification of Missing Requirements (Form PCT/DO/EO/905) was mailed to applicants, requiring the submission of an executed oath or declaration of the inventors in compliance with 37 CFR 1.497(a) and (b) and a surcharge under 37 CFR 1.492(h).

On 03 August 2007, a Notification of Abandonment (Form PCT/DO/EO/909) was mailed to applicant, indicating that this international application had become abandoned with respect to the national stage in the United States for failure to timely reply to the Notification of Missing Requirements mailed on 11 August 2006.

DISCUSSION

Petitioner requests withdrawal of the holding of abandonment because a suitable response allegedly was filed on 24 August 2006. Review of the electronic application file reveals that a declaration which complies with 37 CFR 1.497(a) and (b) and which was filed on 24 August 2006 is present in the file. Further review of Office records (including the copy of the response accompanying the petition) shows that the response in question was directed to application no. 10/552,545 instead of the instant application number. Consequently, counsel's check was applied to application no. 10/552,545 rather than the instant case. To correct this defect, a petition (and fee) under 37 CFR 1.182 is required.

CONCLUSION

The petition is **DISMISSED**, without prejudice.
